		<ul style="list-style-type: none"> • The implementation of the Banking Resolution and Recovery Directive (the BRRD) and its incorporation into French law and Luxembourg law, or the taking of any action under it, could materially affect that value of any Notes. • Among other measures under the BRRD, resolution authorities have the power to write-down the claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims (including Notes) to equity, such equity being potentially subject to future cancellation, transfer or dilution by application of the general bail-in tool. The resolution authority must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments, then tier two instruments and other subordinated debts to the extent required and up to their capacity. Only if this total reduction is less than the amount needed, the resolution authority will reduce or convert to the extent required the principal amount or outstanding amount payable in respect of unsecured creditors in accordance with the hierarchy of claims in normal insolvency proceedings. • French credit institutions (such as NATIXIS) must comply at all times with minimum requirements for own funds and eligible liabilities (the MREL) under Article L.613-44 of the French <i>Code monétaire et financier</i>. The MREL is expressed as a percentage of total liabilities and equity of the institution and aims to prevent institutions to structure their commitments in a manner which could limit or prevent the effectiveness of the bail-in tools. • The BRRD was implemented by the Luxembourg act dated 18 December 2015 (the BRR Act 2015). Natixis Structured Issuance SA, as a credit institution established in Luxembourg and a subsidiary indirectly owned 100% by NATIXIS, is subject to the BRRD as implemented by the BRR Act 2015. • The Benchmark Regulation could result in an adjustment to the terms and conditions of the Notes, early settlement, valuation by the Calculation Agent, delisting or other

consequences, depending on the specific provisions of the relevant terms and conditions applicable to the Notes.

- Green Bonds - Investors' attention is drawn to the fact that the Issuer and the Dealers give no assurances on (i) the characteristics of the Eligible Green Assets, including their environmental and sustainability criteria, (ii) whether Eligible Green Assets will be identified and available for an investment by NATIXIS and accordingly whether the net proceeds will be effectively used for Eligible Green Assets at inception or throughout the life of the Green Bonds, or (iii) whether the Green Bonds will indeed meet certain environmental, climate and/or sustainability criteria and in particular any investor's criteria and expectations with regard to environmental or climate impact and sustainability performance.

As purchasers of foreign currency bonds, investors are exposed to the risk of changing foreign exchange rates. This risk is in addition to any performance risk that relates to the Issuer or the type of Note being issued.

CREST Depositary Interests

CREST Depositary Interests (CDIs) are separate legal obligations distinct from the Notes and holders of CDIs will subject to provisions outside the Notes.

Preference Share Linked Notes

- Preference Share Linked Notes are not principal protected and investors are exposed to the performance of the Preference Shares which are in turn exposed to the performance of the Preference Share Underlying(s).
- A Preference Share and its exposure to the Preference Share Underlying may involve complex risks, which include, among other things, share price risks, credit risks, commodity risks, foreign exchange risks, interest rate risks, political risks, tax risks, inflation risks and/or issuer risks. Investors should review the terms of, and the information memorandum describing, the Preference Shares (including the risk factors) and ensure that they understand how the performance of the Preference Shares and Preference Share Underlying will affect the Preference Share Linked Notes. Investors should consult with their own professional advisers if they consider it necessary.

- Changes in the financial condition and standing of the Preference Share Issuer may cause the value of the Preference Shares to fluctuate. If the Preference Share Issuer cannot meet all its obligations in respect of all Classes of Preference Shares, the Preference Share Issuer's available funds after discharging obligations ranking senior thereto will be distributed amongst the shareholders of each Class, on a pro-rata basis equally with all Classes of Preference Shares and any other obligations expressed to rank equally.
